HOMEMADE RACKS? WHAT WERE YOU THINKING!

Most of us have a little DIYer in us and try to make something ourselves to save a few dollars but there are a few things in life we should leave to the professionals. Storage racking is one of those things.

LET'S TALK PREVENTION... AT HOME!

We usually are well aware of the rules to follow to ensure safety at work! However, do we apply the same level of vigilance when we are in the comfort of our homes?

Let's be frank, we all have a natural tendency to pay less attention to the risks present at home. Yet, we are not safe from accidents, let alone during the summer period when renovation, maintenance and gardening projects are on everyone's to do list.

Click [here](#) to learn how you can protect yourself this summer.

TECH TALK: TRAVELLING WITH TECHNOLOGY

We are constantly travelling, whether it be a road trip, taking a plane ride or even heading to and from work. Most of the time we are travelling with technology; cell phones, tablets, even computers. We put them in our pockets, we carry them with us and we even place them into backpacks... but are they protected during our trip?

WELLNESS TALK: PUT YOUR TOYS AWAY!

Sometimes it seems that being organized must be genetic, but it is more likely about creating good habits early on. If you come from an organized home you are likely to be organized yourself. However, that isn't always the case. Not everything we own has a home, that special place where it is meant to be when we are not using it, and that's the problem.
